## Swan's Trumpet Practical Information

### Dimensions

**Swan's Trumpet**  
5 <sup>7</sup>/<sub>8</sub> L × 5 <sup>7</sup>/<sub>8</sub> W × <sup>5</sup>/<sub>16</sub> H inches

### Usage

Interior walls in wet or dry locations, including backsplashes, shower walls and ceilings, steam showers, and fireplaces.

Exterior walls, pools, and fountains only in temperate climates.

### Variations

When installed, hand-crafted tiles are enhanced by their variation. The size may vary slightly, and the edges of the tiles may be slightly irregular and bear traces of the hands that shaped them.

### Installation

For substrate and adhesive, follow the guidelines of the Tile Council of America. In most applications, thinset mortar is suitable.

Spacing: <sup>1</sup>/<sub>8</sub> inch or per client's plans.

Sealer: Apply an invisible penetrating sealer/grout release before grouting.

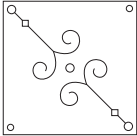

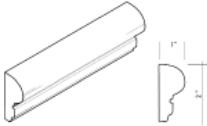

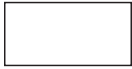

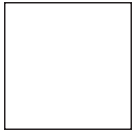

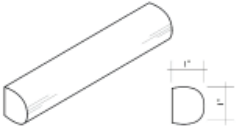

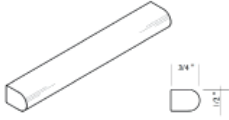

Grout: off-white, sanded grout that closely matches the glaze. Be sure to clean all the grout off the tiles before the grout dries!

### Cleaning

Clean with soap and water or ordinary household cleaners. Avoid acidic cleaners, including vinegar. Avoid abrasives, such as steel wool.
